- g. “Isolation” shall mean the separation of a person or group of people known to be infected with a communicable disease, and potentially infectious, from those who are not infected, in order to prevent the spread of the communicable disease.
- h. “Quarantine” shall mean the separation of a person or group of people reasonably believed to have been exposed to a communicable disease, but not yet symptomatic, from others who have not been exposed, to prevent the possible spread of the communicable disease.

- i. “Quarantine Monitor” shall mean a Health Department employee, who alerts the health officer, Health Director, and/or law enforcement upon violation of the laws for the prevention and control of communicable diseases, or the orders and rules of the Department.

**6. Duties of the Department of Health.**

- a. The Department, upon the appearance of any communicable disease in the Nation’s jurisdiction, shall immediately investigate all the circumstances and make a full report to the Executive Director of the Department of Health. The Department shall promptly take measures necessary to prevent, suppress, and control communicable diseases, and shall provide a status update to the President and Legislature regarding the progress of the communicable disease(s) and the measures taken.
- b. The Department shall recommend actions to that will help to prevent and suppress any communicable disease, in order to control outbreaks or epidemics.

**7. Reporting Cases to the Health Department.**

- a. Any health care provider who knows, or has reason to believe, that a person treated by him/her has a communicable disease, or having a communicable disease, has died, shall report the appearance of the communicable disease, or the death to the Department.
- b. Reports under sub. a, above, shall include such information as dictated by the Health Department policy.

**8. Isolation and Quarantine**

- a. The Department may require isolation of a patient or of an individual, and may need to quarantine all contacts, if they can be traced. Modified forms of such procedures may be necessary as determined by the Department.
- b. If the Department is aware of the existence of a communicable disease, the Department, or authorized designee, shall investigate and may take the following steps:
  - i. Where possible, the Department will, depending on the nature of the communicable disease, first seek voluntary isolation and quarantine from the patient or individual.
  - ii. However, where needed to protect the public, the Department shall institute involuntary isolation and quarantine through a law enforcement agency, when it appears the individual is not

complying, based on the Health Officer's recommendation and discretion.

iii. A physician, nurse practitioner, and/or physician assistant of the Department shall be consulted as quickly as possible when there is reasonable doubt, or disagreement in diagnosis, and when advice is needed. The Department shall investigate evasion of the laws and rules concerning communicable disease and shall act to protect the public.

c. When the Department deems it necessary that a person be quarantined, the Department shall assist the person to find a safe location to quarantine.

d. When the Department deems it necessary that a person be quarantined, the Department may assist the person, if they consent, to apply for any state, tribal, or federal eligible, medical benefits and aid, as well as assess other needs, and make any necessary, requested referrals.

**9. Communicable Diseases; schools; duties of teachers, parents, officers.**

a. If a teacher, school nurse, or principal and/or lead teacher, of any school or center, knows or suspects that a communicable disease is present in the school or center, he or she shall, at once, notify the Department.

b. If the Department confirms the presence of a communicable disease, it is responsible for notifying the any necessary teacher, school nurse, or principal, in compliance with Health Insurance Portability and Accountability (HIPAA) patient protections and any exceptions.

**10. Penalties.** Any person who, directly or indirectly, violates any provision of this law shall be subject to a citation and/or forfeiture consistent with a penalty schedule adopted by the Department of Justice, not to exceed \$100.
