

HO-CHUNK NATION

DEPARTMENT OF THE TREASURY

PROCUREMENT DIVISION

June 9, 2021

Addendum #1

ITB 2021DWS01

High Volume Printers and Managed Print Services

Answers to Vendor Questions

Q. Would Ho-Chunk Nation be willing to look at alternate manufactures instead of Xerox .

A. We are only looking at Xerox currently to keep requirements simple for both vendor and fleet.

Q. do you have your fleet listing in Excel that I can use?

A. The current information will be all that is provided at this time.

Q. if you have a partnership built with a vendor, what are the things you are trying to accomplish by bidding this out? Is it financial or are you trying to gain something you feel you have not gotten from your vendor/s in the past?

A. We are needing to standardize our print fleet, simplify our diverse equipment and leverage buying power by going under one vendor/manufacture/set of devices.
